題目	著者	掲載誌.巻.号(出版年月)頁
Quantitative comparison of the predictions of fracture toughness temperature dependence using ASTM E1921 master curve and stress distribution T-scaling methods	Meshii, Toshiyuki Yakushi, Goh Takagishi, Yoichi Fujimoto, Yohei Ishihara, Kenichi	Engineering Failure Analysis,111C (2020.04)104458-(9)
Characterization of fracture toughness based on yield stress and successful application to construct a lower-bound fracture toughness master curve	Meshii, T.	Engineering Failure Analysis,116 (2020.10)104713-(12)
